

# MOTO-XPRIENCE

These programs are designed to teach a student at any level to ride dirt bikes, using our riding curriculum that has been taught to thousands of riders for over a decade! There's a great line-up of trained, friendly instructors waiting to help you tear into some of the best riding you've ever experienced. In this program you will learn bike safety, proper before and after maintenance and operation of a trail bike, and techniques of trail and track riding. Students will be riding our new TTR 110 or TTR 125, depending on height. Challenge the best trails in the area, specially designed for riders like you. We have trails for beginners, trails for the occasional rider, and trails for those who don't even bother riding unless it's fast, steep and tough!

To learn more, call our office, (360) 697-1212, or (877) 723-4373.
